

# DL91-INNOVA(RECHARGEABLE TORCH)

- Battery used 2/3 AA NiCd battery pack,3.6V 350mAH
- Built in charger and plug
- Power ON/OFF indicator
- 0.5 Watt Bright White Light
- Super bright white LED 3.1V,80mA,25 Lumen
- First charge: Min 18 hours
- Recharge time: Min 14 hours
- Lighting time: 4 hours when fully charged
- Comes in attractive colours
- Attractive blister packing

**MRP:Rs.300**

# DL92 - SUNNY(RECHARGEABLE TORCH)

- Material - Rechargeable
- LED Wattage - 0.5 Watt
- LED Details - Super White Bright LED 0.5 WATT, 60 Lumen @ 150 mAH
- Battery Details - Rechargeable - Lead Acid Batteries
- Other Features -Built in charger and plug Power ON/OFF indicator
- Initial Charging - Initial Charging: Minimum 18 Hrs
- Regular Charging - Regular Charging: Minimum 14 Hrs
- Lighting Time - Two levels of Bright White Light
- Package - Blister
- **MRP : 160/-**

# DL93-CORONA(RECHARGEABLE TORCH)

- Material - Rechargeable
- LED Wattage - 1 Watt
- LED Details - Super White Bright LED 1 WATT, 90 Lumen @ 350 mA
- Battery Details - Rechargeable - Lead Acid Batteries
- Other Features - Built in charger and plug Power ON/OFF indicator
- Initial Charging - Initial Charging: Minimum 18 Hrs
- Regular Charging - Regular Charging: Minimum 14 Hrs
- Lighting Time - Two levels of Bright White Light
- Package - Blister
- **MRP:Rs.215/-**

# DL66-COMMANDER

- Focused white light
- 3 Watt bright white bright LED light
- Bulb: LED 4.0V,700mA
- Illuminating Power:140 lumen
- High Intensity white light-2.5 kms
- 30-40 times more battery life
- Slide switch
- Convenient handle
- 4 D size battery

**MRP-Rs.450**

# DL63-JEEVAN SATHI

- Long life large brass torch
- 1 Watt Bright White LED
- 1.5 km Intense white light
- Strong durable brass body
- Slide switch with flasher function
- Wide Area Light
- Super bright white LED 3.35V,350mA,85 Lumen
- 10-20 times more battery life
- 3 D size battery

**MRP:Rs. 350**

# DL64-JEEVAN SATHI

- Long life brass Torch
- 0.5 Watt Bright white LED
- Slide switch with flasher
- Slide and Lock switch
- Strong durable brass body
- 10-20 times more battery life
- Wide Area Light
- Super bright white LED 3.1V,80mA,25 Lumen
- 2 D size battery

**MRP: Rs.250**

**DL**  
**MR**

# DL65-JEEVAN SATHI

- 2.5 km intense white light
- 3 Watt bright white LED torch
- Flasher function
- Slide & Lock switch
- Durable structure
- 10-20 times more battery life
- 4 D size battery

**MRP:Rs.450**

# DL70-GRIPLITE

- High Watt Flasher Torch
- 1 Watt Bright White LED Torch
- 10-20 times more battery life
- Strong durable plastic body
- Slide switch with flasher
- Wide Area light
- Super Bright White LED:3.35V, 350mA,85 Lumen
- 3 AA battery
- Available in attractive colours

**MRP:Rs.200/-**

# DL69-BRIGHTLITE

- 0.5 Watt Wide Lens Torch
- Slide switch with flasher function
- Focused Light
- 10-20 times more battery life
- Strong durable plastic body
- Super bright white LED:3.1V,80mA,25 Lum
- 3 AA battery
- Available in attractive colours

**MRP:Rs.150**

# DL55-DUROLITE

- Durable Flasher Torch
- 0.5 Watt bright white LED torch
- 10-20 times more battery life
- Strong durable plastic body
- Slide switch with flasher
- Super bright white LED:3.1V,20mA,25 Lumen
- Attractive blister packing
- Attractive Textured body
- Available in attractive colours
- 3 AA battery

**MRP:Rs.150/-**

# DL51-HILITE

- Extra Wide Lens Flasher Torch
- 0.5Watt Bright white LED
- Flasher function
- Slide switch
- 10-20 times more battery life
- Illuminance at 1m:3200 lux
- 2 D size battery
- Available in attractive colours

**MRP:Rs.170**

# DL36-HANDY

- Small Flat Torch
- 10-20 times more battery life
- Strong durable plastic body
- Slide switch for easy handling
- Focused white light
- White LED:3.0V,20mA,1750 mcd
- Available in different colours
- 2 AA battery

**MRP:Rs.90/-**

# DL50-GLOSTAR

- Glows in the dark (Durable Radium Body)
- Slide switch with Flasher function
- 0.5 Watt Led light
- 10-20 times more battery life
- Comes in Blue, White and Green
- Bright White LED:3.3V,80mA,25 Lumen
- 3 AA battery

**MRP:Rs.115/-**

# DL41- NAV JOSH

- Material – Plastic
- LED Wattage - 0.2 Watt
- LED Details - 3.2V,35mA,3500mcd
- Battery Details - 3 – AA
- Package - Carton

**MRP-Rs.90/-**

# DL40-JOSH

- Easy Grip slim torch
- Wide Area Light
- Slide switch
- 10-20 times more battery life
- White LED:3.0V,20mA,1750 mcd
- 3 AA battery
- Available only in black with different switch colours
- India's highest torch selling Model

**MRP-Rs.80/-**

# DL25-STARLITE

- 0.5 Watt Bright White LED Torch
- Comes in attractive colours
- 10-20 times more battery life
- Strong durable plastic body
- Flasher function torch
- Wide Area Light
- Super bright white LED 3.1V,80mA,25 Lumens
- 3 AA battery

**MRP-Rs.125/-**

# DL22-RAUNAK

- It is the 3 AA battery
- Half Watt torch.
- 0.7 KM intense white light.
- Strong Aluminum body.
- Focused white Light.
- Bright white LED: 3V, 80mA, 28 Lumen.
- Colours: Blue/Steel
- **MRP 130/-**

# DL10-STYLITE

- Easy grip slim torch
- 20-30 times more battery life
- Strong durable plastic body
- Slide switch for easy handling
- Focused white light
- Bright white LED:3.0V,20mA,1750 mcd
- 3 AA battery
- Available in attractive colours
- Attractive Blister packing

**MRP:Rs.125/-**

# DL07-CONICA

- Quality flasher Torch
- Strong durable plastic body
- Comes in attractive colours
- 20-30 times more battery life
- Slide switch with flasher
- Focused white light
- Bright white LED 3.0V,20mA,1750 mcd
- 3 AA battery

**MRP-Rs.125/-**

# DL05-CRAZE

- It is the 3 AA battery Unique Body Shaped torch
- Strong durable plastic body with a strong grip
- Slide switch for easy handling.
- Bright white LED: 3.0V, 20mA, 1250mcd.
- Wide area light.
- Attractive colour range.
- **MRP Rs.100/-**

# DL02-DAZZLE

- Quality Aluminium torch with 0.5 km intense White light
- Attractive Colour range
- 0.2Watt bright LED Torch
- 10-20 times more battery life
- Strong durable metal body
- Slide switch for easy handling
- Focused white light
- Bright white LED:3.2V,35mA,3500mcd
- 3 AA battery

**MRP-Rs.125/-**

# DL01-VENUS

- 0.2 Watt Flasher Torch
- Slide switch with flasher
- Strong durable plastic body
- 10-20 times more battery life
- Bright White LED:3.2V, 35mA, 3500 mcd
- Wide Area Light
- Available in attractive colours
- 2 AA battery

**MRP: Rs.125/-**

# HL 12 FEATURES

- Strong, Durable ABS Plastic Body.
- Light weight and easy to hang.
- Two levels of bright white light- 4 & 12 LED's.
- Super Bright White LED, 3.1V, 20mA, 12 LED's x 2500mcd each.
- Wide Area 360° white light.
- Available in attractive colours.
- 3 Eveready 1050 Batteries Free with Each Unit.

**MRP: Rs. 299/-**

# HL04-MINI JUMBO

- Light weight and easy to carry
- Convenient handle
- Wide Area 360 degree white light
- Strong durable plastic body
- 20 hour battery life
- Super bright white LED 3.2V,20mA, 1750 mcd
- Comes with 3-AA batteries
- Colours-Cherry Red and Tarnish Grey

**MRP: Rs.245/-**

# HL 11 STUDY LAMP

- Flexible Head Lamp.
- 180° White Light.
- 15 Super Bright White LED's.
- Light Weight and Easy To Carry.
- Strong, Durable ABS Plastic Body.
- Available in 3 Attractive Colours.
- 3 Eveready 1050 Batteries Free with Each Unit.
- **MRP: Rs. 275/-**

# HL51-RECHARGEABLE EMERGENCY LIGHT

- Maintenance free Rechargeable lantern with charging indicator
- Two levels of bright white light: 20 LEDs and 40 LEDs
- Automatically lights up in the event of power failure
- Built in deep discharge and Over charge protection
- Operating time:14 hours on full charge
- Colours-Maroon, Yellow and White

**MRP: Rs.1575/-**

# HL52-RECH EMERGENCY LIGHT 3 IN 1 MODEL

- 3 in 1-Emergency Lantern, Study Light and Focused Torch light
- 360 degree flexible head for Multi-directional light
- Automatically lights up in the event of power failure
- Built in deep discharge and overcharge protection
- Operating time: 15 hours on full charge
- Regular charging:16 hours
- Initial Charging:20-24 hrs
- Light Source:Super Bright White LED 3V,20mA,(30+9)x2500 mcd each
- Colours-Maroon, Yellow and White

**MRP: Rs.1675/-**

# HL 57 RECHARGEABLE LANTERN

- Powered by NiMH Battery with 500 Recharge cycle life.
- Maintenance-free Rechargeable lantern with power ON indicator.
- Two levels of bright white light. 6 & 12 LED's.
- Automatically Lights up in the event of power failure.
- Built-in Deep Discharge and Overcharge protection.
- Super Bright , white LED, 3V, 20mA. 12 LED's x 2500mcd each.
- Colours- Red, Yellow.
- Operating Time 4 Hrs on full charge (12 LED's)/8 Hrs on full charge (6 LED's).
- 6 months warranty.

**MRP-Rs.699/-**

# HL 58 RECHARGEABLE LANTERN

- Powered by NiMH Battery with 500 Recharge cycle life.
- Maintenance-free Rechargeable lantern with power ON indicator.
- Two levels of bright white light. 12 & 24 LED's.
- Automatically Lights up in the event of power failure.
- Built-in Deep Discharge and Overcharge protection.
- Super Bright , white LED, 3V, 20mA. 24 LED's x 2500mcd each.
- Colours- Red, Blue, Yellow
- Operating Time 4 Hrs on full charge (24 LED's)/8 Hrs on full charge (12 LED's).
- 6 months warranty.

**MRP-Rs. 949/-**

# HL61-(SOLAR RECHARGEABLE LANTERN)

**Dual Charging Option:** HL61 has a dual charging option of both charging through “Solar panel” and “AC Power outlet”

- 2) **Battery Type :**HL61 has a long lasting “Lithium Ion Battery” with minimum 500 rechargeable cycles.
- 3) **Number of LED's:** HL61 has 30 LED's ( Highest in the category).
- 4) **Quick Charging :** HL61 Charging time through solar panel. ( 7 hours under bright sun light and 6 hours through AC adapter).
- 5) **Operating Time:** 5 hours of operating time. ( Highest in the category)
- 6) **Solar Panel Specification:** HL61 has a 2.5 W, 9V solar panel which provides quick charging feature. The solar panel has an aluminum frame which is durable .
- 7) **Product Protection Features:** Built In Deep discharge, short circuit and over charge protection .
- 8) **MRP:** Rs.2100/- for the Lantern +Panel  
➤ HL61 scores on account of **high light (30 LED and 200 LUX)** and **less charging time ( Approximate 7 Hours )** compared to other products that are available in the market.

**MRP: Rs.2100/-**
